

Naming Opportunities

Naming opportunities for Eddy House's Transitional Living Community allows your family or your business to make a lasting impact by supporting essential services and spaces that help young people transition from homelessness to independence. Through these opportunities, you can leave a personal legacy or honor loved ones while funding critical areas like housing units, resource rooms, and community spaces. Each named area represents a commitment to transforming lives and empowering youth, creating a tangible reminder of generosity and hope in the lives of those we serve.

- All naming opportunities are reserved on a first come, first served basis.
- Designations will occur only once.
- Please email Trevor Macaluso, trevor@eddyhouse.org to reserve an opportunity.
